RENEWAL INFORMATION

The Jack Broughton-Colorado Mesa University Scholarship is renewable for a total of four years for full-time students who are making satisfactory progress toward their undergraduate degree. Students are expected to maintain continuous matriculation, and in general, failure to maintain the following grade point averages:

First year:	3.0
Second Year:	3.0
Third Year:	3.0

will result in loss of the scholarship. However, Grand Valley Power may consider extenuating circumstances with respect to individual students in determining whether to renew the award. Students wishing to renew their awards must submit an official transcript at the end of each academic year, along with a cover letter written by the student explaining the academic progress s/he has made to date and detailing any circumstances which merit special consideration.

In the event a scholarship is not renewed for **cause** to a particular scholarship recipient, Grand Valley Power reserves the right to award that scholarship to the second-place finalist in that respective class. Grand Valley Power will keep on file the permanent address of the student who placed second for future reference should the original winner lose eligibility.
